

SCCOE DataZone: Powering California's K-12 Data-Driven Future

Transforming Student Success Through Smarter Data

Developed by the Santa Clara County Office of Education (SCCOE), **DataZone** is California's K-12 Analytics and Student Data integration platform. Purpose-built to support educators and administrators with a common goal for student success, DataZone centers on equity, insight, and proactive support.

Designed with California counties and districts in mind, DataZone delivers secure, actionable analytics aligned with key state frameworks to drive academic achievement and whole-child development.

Trusted by over **75 districts, charter schools, and county agencies**, DataZone simplifies data, sharpens strategy, and accelerates student outcomes.

Features and Impact

- **Integrated Interagency Collaboration** Connect Foster Youth and Probation systems to support coordinated care across education and public services.
- **CARE for CALPADS** Preview CALPADS submissions and flag data quality issues early.
- **Ad Hoc & Dynamic Reporting** Flexible, customizable reporting tools for student and staff data — generate insights when and how you need them.
- **Comprehensive Student Profiles** View attendance, grades, assessments, behavior, SEL, and program data in one place—designed for actionable insight.
- **Early Warning & Graduation Readiness Dashboards** Spot at-risk students early using indicators aligned with MTSS and graduation milestones.
- **Longitudinal Analytics** Monitor student and subgroup trends over time, providing powerful support for equity analysis and planning.
- **Security & Compliance** FERPA Compliant. Offers federated login with single sign-on, secure partitioning, and robust governance at the district and county level.
- **California-Centric Design** Align with California's educational priorities — **LCAP, CALPADS,** and **MTSS** in mind.
